

# **CORONADO NATIONAL MEMORIAL**

## **PUBLIC USE COUNTING AND REPORTING INSTRUCTIONS**

Following are detailed instructions for collecting and reporting data to be entered on Form 10-157, Revised, Monthly Public Use Report by Coronado National Memorial. These instructions are effective the date of issuance and will continue in effect unless changed by amendment or by memorandum from the Socio-Economic Studies Division to the superintendent approving a requested change.

Each item below describes the procedures to be followed in collecting public use data and summarizing the various elements of those data for entry on the corresponding line on the 10-157, Monthly Public Use Report.

### **Recreation Visits**

1. A pneumatic traffic counter is located across Coronado Memorial Highway at the visitor center. The traffic count is divided by 4 to adjust for entering and exiting vehicles and axle counts. The adjusted traffic count is reduced for nonreportable vehicles (222 per month), nonrecreation vehicles (126 per month), and buses. The reduced traffic count is multiplied by the persons-per-vehicle multiplier (PPV) of 3.11.
2. A pneumatic traffic counter is located across Forest Road 61 at Montezuma Pass. The traffic count is divided by 4 to adjust for entering and exiting vehicles and axle counts. The reduced traffic count is multiplied by the PPV of 3.11.
3. The number of bus visitors and tour group visitors.

### **Nonrecreation Visits**

The number of inn-holders, postal employee visits, and delivery visit vehicles is estimated at 174 per month. The number of nonrecreation vehicles is multiplied by a PPV of 1.2.

### **Recreation Visitor Hours**

1. The number of recreation visits is multiplied by 0.75 hours.
2. The number of cave visitors is multiplied by 2 hours.
3. The number of picnic visits is multiplied by 2.5 hours.

### **Nonrecreation Visitor Hours**

The number of nonrecreation visits is multiplied by 0.5 hours.

### **Special Use Data**

Line n. Number of tour buses
